# Chairman's Message

NILAR N. CASSIM · CHAIRMAN, ACPOSL

The financial year 2025–2026 marks a defining chapter in the history of the Association of Creators and Publishers of Sri Lanka. As we present this Annual Report to our members, to the National Intellectual Property Office of Sri Lanka, to WIPO, CISAC, IPRS, and to all stakeholders who place their confidence in our institution, I do so with a sense of both responsibility and measured optimism.

ACPOSL was established with a clear and enduring purpose: to ensure that the creators and publishers of music in Sri Lanka receive fair recognition and fair remuneration for the use of their works. Collective management is not merely an administrative function. It is a statement of principle — that creators matter, that their works have value, and that those who use music commercially must do so within the framework of copyright law.

During this reporting year, ACPOSL conducted its collections exclusively from indoor and outdoor live musical events. This focused approach allowed us to build our licensing infrastructure, develop our documentation systems, and establish the trust of rights-holders through four consecutive quarterly royalty distributions. The total royalty pool generated for the year was LKR 17.38 million, from collections of LKR 22.04 million. Total royalty payments recorded reached LKR 15.56 million.

We are grateful for the mentorship and institutional support provided by WIPO, for the guidance of CISAC in matters of international collective management standards, and for the practical technical assistance provided by our mentor society, IPRS. We remain deeply committed to developing ACPOSL toward recognised international CMO standards.

Our path forward requires continued investment in systems, transparency, governance and member services. It requires expanding our licensing reach responsibly. And it requires maintaining the trust of every creator and publisher who has placed their repertoire under our administration.

We are building an institution that creators can rely upon — today, and for generations to come.

## Responsible CMO Development

Building governance and systems that meet international standards.

## Transparent Distribution

Four quarterly royalty distributions completed in the reporting year.

## International Alignment

Engagement with WIPO, CISAC and IPRS to build institutional capacity.

## Future Expansion

Additional public-performance licensing sectors planned from September 2026.

# Chief Executive Officer's Message

RANGA DASANAYAKE · CHIEF EXECUTIVE OFFICER, ACPOSL

The financial year ended 31 March 2026 was, in the most meaningful sense of the term, a foundation year for ACPOSL. We entered the period with a commitment to demonstrate that collective management of music copyright in Sri Lanka could be conducted with rigour, consistency and transparency. I believe the record presented in this Annual Report demonstrates that commitment in measurable terms.

Our collections during FY2025–2026 were generated exclusively from indoor and outdoor live musical events. This was a deliberate operational focus, enabling us to build our licensing systems, refine our documentation processes, and conduct four consecutive quarterly royalty distributions – Batches 6, 7, 8 and 9 – with a total of LKR 15,556,555 in royalty payments recorded. Each distribution was documented in our royalty workbook and reconciled against collection data.

Behind the headline figures lies a substantial programme of operational development. Membership records, work registration, ownership documentation and repertoire data have all required careful attention during this period. Accurate data is the foundation of accurate distribution – and accurate distribution is the foundation of member trust. We have engaged with MIS@Asia as our selected management-information-system direction, and implementation will form a central strand of our development programme in the coming year.

Our engagement with NIPO Sri Lanka has been central to our institutional development, as has the technical support provided by IPRS and the broader framework guidance offered by WIPO and CISAC. These relationships are not peripheral to our mission; they are integral to it. ACPOSL is committed to developing toward the governance and operational standards expected of a recognised collective management organisation.

From 1 September 2026, ACPOSL plans to commence collection from additional public-performance licensing sectors, including hotels, restaurants, broadcasters and other commercial users of music. This expansion will mark the beginning of a new reporting cycle and will significantly broaden the scope of our operations.

FY2025–2026 was a year of building. FY2026–2027 will be a year of expanding – responsibly, transparently and in the interests of every creator and publisher we serve.

Foundation Year

FY2025–2026 established core licensing and distribution infrastructure.

4 Distributions

Batches 6–9 completed with full workbook documentation.

MIS Development

MIS@Asia selected as management information system direction.

Expansion — Sep 2026

Additional public-performance sectors to commence licensing.

# About ACPOSL

The Association of Creators and Publishers of Sri Lanka (ACPOSL) is a collective management organisation established to administer music copyright on behalf of authors, composers and music publishers within its authorised scope. Collective management enables individual rights-holders to exercise their copyright collectively – ensuring that music users are licensed, that collections are made efficiently, and that royalties are distributed fairly to those whose works are performed or broadcast.

ACPOSL collectively administers music copyright within its authorised scope, representing the interests of authors, composers and publishers in negotiations with music users, in licensing agreements, and in the collection and distribution of royalties. Membership of ACPOSL gives creators and publishers the assurance that their works are being actively managed – and that they will receive remuneration when their music is used commercially in licensed environments.

# The Year in Context: Licensing Scope

IMPORTANT LICENSING CONTEXT · FY2025–2026

## 100% of FY2025–2026 Collections Were Generated from Live Musical Events

### What Was Licensed in FY2025–2026

During the financial year ended 31 March 2026, all collections made by ACPOSL were generated exclusively from indoor and outdoor live musical events. This reflects the operational focus adopted for the foundation year – to establish robust licensing systems, build documentation processes and deliver consistent quarterly distributions before expanding into additional sectors.

Live musical events represent a clearly defined and manageable licensing category, and the focus on this sector during the reporting year allowed ACPOSL to demonstrate its capacity to collect, account for and distribute royalties in a transparent and orderly manner. No collections were made from hotels, restaurants, broadcasters, FM or television stations, or any other commercial music users during this reporting period.

### Planned Expansion from 1 September 2026

#### Hotels & Restaurants

Public performance licensing of background and featured music in hospitality venues.

#### Broadcasters

FM radio and television stations – music broadcast licensing.

#### Venues & Event Spaces

Expanded coverage of commercial venues using music publicly.

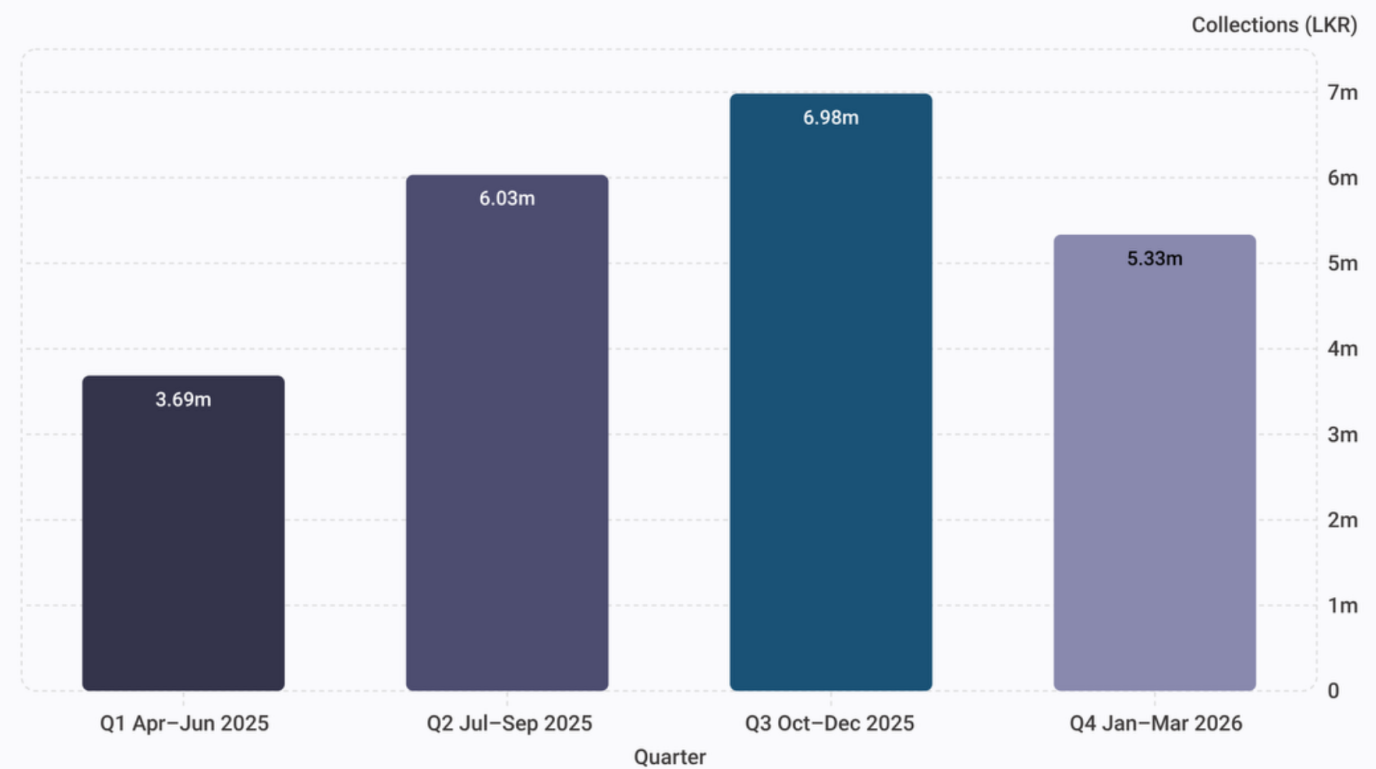

#### Other Commercial Users

DJs, pubs, clubs and other commercial music users.

 Sectors such as hotels, restaurants, broadcasters and other public-performance categories are planned for licensing commencement from **1 September 2026**. These belong to the next reporting cycle – FY2026–2027 – and are not reflected in the current Annual Report.

# Quarterly Collections: FY2025–2026

LIVE MUSICAL EVENT COLLECTIONS · APRIL 2025 – MARCH 2026

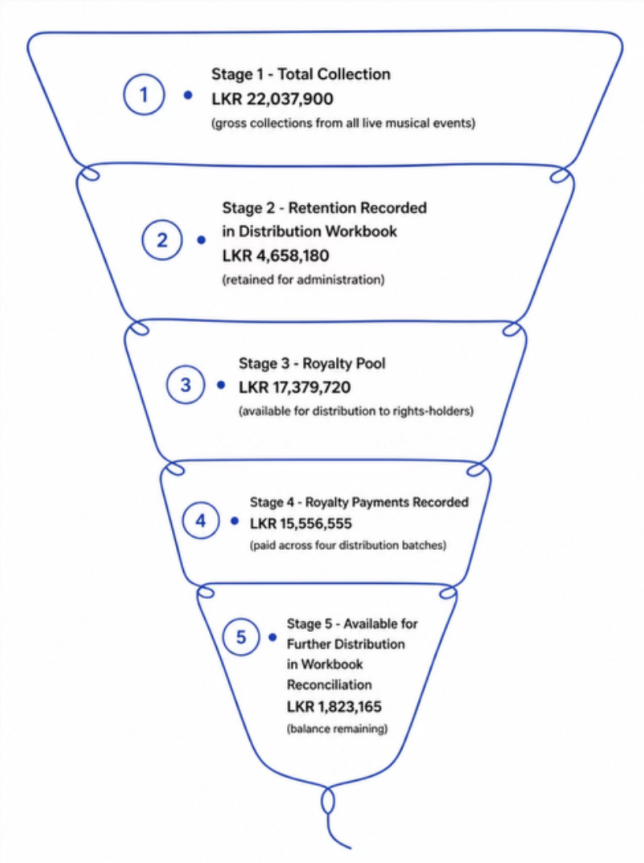

Total collections for the financial year amounted to **LKR 22,037,900**, generated exclusively from indoor and outdoor live musical events. Collections grew consistently through the first three quarters, reaching a peak in Q3 (October–December 2025) of LKR 6,983,000 – the highest collection quarter of the reporting year. Q4 recorded LKR 5,334,500, reflecting the seasonal pattern typical of live event licensing.

|                                                                         |                                                |

# Collection to Royalty Pool

FINANCIAL FLOW · DISTRIBUTION WORKBOOK · FY2025–2026

## Understanding the Financial Flow

The collection-to-distribution flow presented here is drawn from ACPOSL's royalty distribution workbook. It represents the operational record of how gross collections from live musical events were processed, retained and distributed during the reporting year.

### Total Collection

**LKR 22,037,900** – Gross collections from indoor and outdoor live musical events, April 2025 – March 2026.

### Retention

**LKR 4,658,180** – Retention recorded in the distribution workbook.

### Royalty Pool

**LKR 17,379,720** – Available for distribution to rights-holders.

### Royalty Payments Recorded

**LKR 15,556,555** – Paid across Batches 6, 7, 8 and 9.

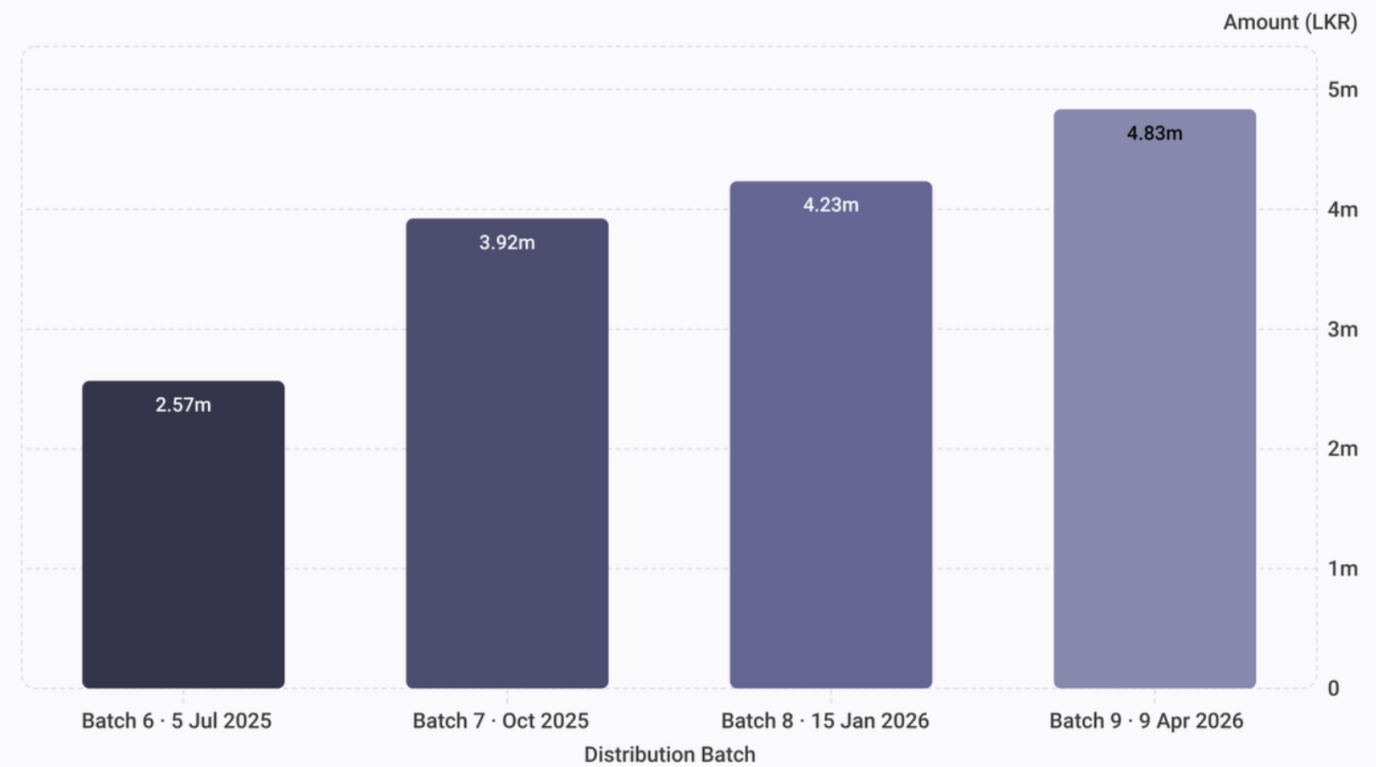

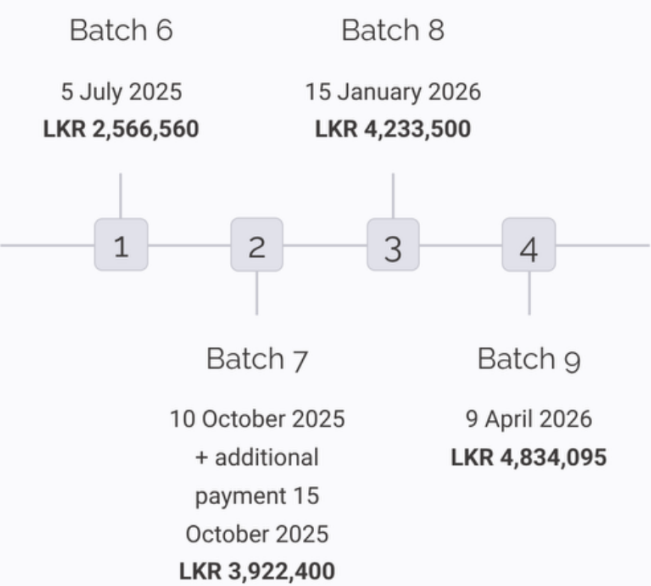

### Balance for Further Distribution

**LKR 1,823,165** – Available for further distribution per workbook reconciliation.

❏ These figures are drawn from the ACPOSL royalty distribution workbook and are separate from the audited financial accounts. ACPOSL will finalise any reconciliation between the two reporting areas before publication of this Annual Report.

# Royalty Distributions: Batches 6–9

FY2025–2026 · DISTRIBUTION TIMELINE

Total Payments Recorded

LKR 15,556,555

Royalty payments were processed across four distribution batches during the reporting year, with each batch documented in the ACPOSL royalty workbook. Individual member royalty amounts are not published in this Annual Report. Distributions are made in accordance with ACPOSL's distribution rules, based on repertoire matching and usage data.

# Membership & Repertoire

~650

Members

Authors, composers and publishers  
registered with ACPOSL

70K+

Musical Works

Works registered in the ACPOSL  
repertoire database

3

Major Publisher Members

Major music publishing entities forming  
part of the membership

## Why Accurate Data Matters

Accurate membership information, work registration, ownership shares, repertoire data and usage information are essential prerequisites for accurate and equitable royalty distribution. Without complete and verified data, distributions cannot be made with confidence, and rights-holders may not receive the remuneration to which they are entitled.

During FY2025–2026, ACPOSL invested significant effort in improving the quality and completeness of its membership records and work registration database. This included verifying ownership information, documenting repertoire and cross-referencing usage data against registered works to support the distribution process.

## Repertoire Documentation Priorities

### Membership Information

Verified member records including identity, contact and membership status.

### Work Registration

Registration of musical works with full title, authorship and publisher data.

### Ownership Shares

Documentation of author, composer and publisher ownership proportions.

### Usage Data

Matching of repertoire to actual usage records from licensed events.

# Documentation & Technology

SYSTEMS DEVELOPMENT · FY2025–2026

Effective collective management requires not only the will to distribute royalties fairly, but the systems and processes necessary to do so with accuracy and consistency. During FY2025–2026, ACPOSL made significant progress in developing its operational infrastructure across several critical areas.

ACPOSL has selected MIS@Asia as its management-information-system direction. The implementation of a dedicated MIS platform will enable ACPOSL to manage member records, work registrations, ownership shares, usage documentation and distribution processing within an integrated environment, significantly improving the accuracy and efficiency of all operational functions.

## Key Development Areas

- Member Records  
Maintaining accurate, verified records for all approximately 650 members.
- Work Registration  
Registration and verification of over 70,000 musical works in the repertoire database.
- Repertoire Matching  
Cross-referencing usage reports from live events against the registered repertoire.

## Technology Roadmap

- Distribution Processing  
Systematic processing of royalty distributions with full workbook documentation.
- Royalty Accounting  
Maintaining complete financial records of all collections, retentions and distributions.
- MIS Implementation  
MIS@Asia platform to integrate all operational functions into a single system environment.

# International Development & Cooperation

ACPOSL is engaged in a programme of institutional development aligned with recognised international collective management standards. This programme is supported by relationships with WIPO, CISAC, IPRS and NIPO Sri Lanka — each contributing a distinct dimension to ACPOSL's development.

## WIPO

The World Intellectual Property Organization provides mentorship, copyright framework guidance and support for international CMO development. ACPOSL has benefited from WIPO's institutional knowledge and its frameworks for developing effective collective management in emerging markets.

## CISAC

The International Confederation of Societies of Authors and Composers provides international collective management standards and guidance. ACPOSL is developing its systems and governance in accordance with the principles and standards promoted by CISAC for CMOs worldwide.

## IPRS

The Indian Performing Right Society serves as ACPOSL's mentor society, providing practical technical support in work registration, documentation, systems development, CMO operations and digital licensing development. This bilateral relationship has been central to ACPOSL's operational progress.

## NIPO Sri Lanka

The National Intellectual Property Office of Sri Lanka provides the national copyright administration framework within which ACPOSL operates. Engagement with NIPO is central to ACPOSL's institutional coordination and to the development of copyright policy in Sri Lanka.

ACPOSL is developing its systems and governance toward recognised international CMO standards. This Annual Report does not assert CISAC membership status unless explicitly confirmed in ACPOSL's official records.

# Copyright Awareness, Education & Compliance

## Educating Music Users

A sustainable culture of copyright compliance in Sri Lanka cannot be built on enforcement alone. It must be built on understanding. ACPOSL is committed to raising awareness among all categories of commercial music users – helping them to understand why music licensing exists, what obligations the law places upon them, and how licensing with ACPOSL benefits both their business and the creators whose music they use.

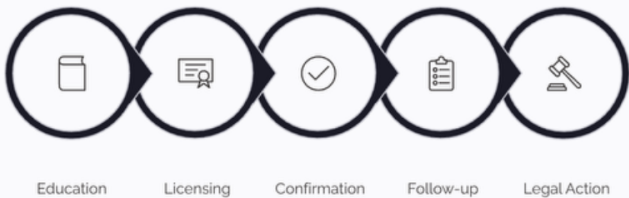

During FY2025–2026, ACPOSL conducted copyright awareness activities engaging a broad range of music users, including event organisers, broadcasters, hotels and hospitality venues, DJs, singers, musicians, restaurants, pubs and other commercial venues. These activities included direct engagement, public media outreach and educational materials – as reflected in the administration expenses recorded in the financial accounts, including the Awareness Programme, Media Conference and Website Expenses.

Education is an essential precondition for compliance. Rights-holders cannot receive fair remuneration if music users do not understand their licensing obligations. ACPOSL's awareness programme is therefore a core operational activity, not a peripheral one.

## Music Users Engaged

|                  |                        |
|------------------|------------------------|
| Event Organisers | Broadcasters           |
| Hotels & Venues  | Restaurants & Pubs     |
| DJs & Performers | Commercial Music Users |

## Compliance Framework

ACPOSL's approach to compliance is graduated and proportionate. Education and engagement come first. Licensing is offered to all music users on fair and transparent terms. Where compliance is achieved, it is documented. Where it is not, ACPOSL follows up through appropriate channels, and legal remedies are pursued only where necessary and as a last resort.

This framework reflects the internationally accepted approach to CMO enforcement – firm but fair, transparent and proportionate, and always oriented toward the goal of building a functioning and trusted licensing market.

## Roadmap 2026–2027

# The Next Stage: Expanding Beyond Live Events

From **1 September 2026**, ACPOSL plans to commence collection from additional public-performance licensing sectors, marking the beginning of a significantly expanded operational programme.

### Broader Public-Performance Licensing

Commencement of licensing from hotels, restaurants, broadcasters, FM and television stations, and other commercial public-performance sectors from 1 September 2026.

### Regular Royalty Distributions

Continuation of quarterly royalty distributions with improved processing times and enhanced documentation as collections grow.

### MIS Implementation

Full implementation of the MIS@Asia management information system to integrate member records, work registration, usage data and distribution processing.

### International Reciprocal Relationships

Development of reciprocal representation agreements with international CMOs to protect the rights of ACPOSL members' works used abroad and foreign works used in Sri Lanka.

### Year-on-Year Performance Measurement

Establishment of comparative reporting metrics to measure collection growth, distribution efficiency and member service improvement year on year.

# Financial Highlights: FY2025–2026

AUDITED FINANCIAL ACCOUNTS · YEAR ENDED 31 MARCH 2026

☐ The financial statements presented in this section are drawn from ACPOSL's audited accounts. These figures relate to the administration of ACPOSL and are separate from the collection and distribution workbook figures reported in the operational section of this Annual Report.

4.73M

LKR — Retention

Retention for Administration (LKR 4,725,663)

# Notes to the Accounts

FOR THE YEAR ENDED 31 MARCH 2026

## Note 1 — Property, Plant & Equipment

| Asset                           | Cost LKR | Depreciation LKR | Net Book Value LKR |
|---------------------------------|----------|------------------|--------------------|
| Mobile Phone / Office Equipment | 43,250   | 1,185            | 42,065             |

Depreciation has been provided at the rate of 25% per annum on a straight-line basis on the cost of assets acquired during the year.

## Note 2 — Cash & Cash Equivalents

| Account                                  | 31 March 2026 LKR    | 31 March 2025 LKR |
|------------------------------------------|----------------------|-------------------|
| People's Bank                            | 12,314,729.09        | —                 |
| Petty Cash                               | 25,565.48            | —                 |
| <b>Total Cash &amp; Cash Equivalents</b> | <b>12,340,294.57</b> | —                 |

For headline financial presentation purposes, the total cash and cash equivalents balance is shown as **LKR 12,340,295** (rounded to the nearest Rupee). The precise accounting figure as recorded is LKR 12,340,294.57. The cash balance includes royalty payable amounts held on behalf of rights-holders and is not entirely available for administration purposes.

## Note 3 — Reporting Distinction

Readers of this Annual Report should note that two distinct areas of financial information are presented: (i) the **Collection and Distribution Report**, which covers gross collections from live musical events, retention, royalty pool and royalty payments as recorded in the ACPOSL royalty distribution workbook; and (ii) the **Audited Financial Accounts**, which cover administration income, expenses, assets, liabilities, cash and accumulated funds. These two areas are reported separately and should not be conflated. ACPOSL will finalise any reconciliation between the two before publication.

☐ Where the supplied audited accounts provide additional notes or disclosures, these should be appended prior to publication. No additional notes have been created or estimated.

# Independent Auditor's Report & Audit Information

FINANCIAL YEAR ENDED 31 MARCH 2026

## Audit Status

The financial statements of the Association of Creators and Publishers of Sri Lanka for the year ended 31 March 2026 have been subjected to an independent audit. The Statement of Income and Expenditure, Balance Sheet, Cash Flow Statement and Notes to the Accounts presented in this Annual Report are drawn from those audited accounts.

The full Independent Auditor's Report, including the auditor's opinion, the basis for that opinion, and any qualifications or emphasis-of-matter paragraphs, is to be reproduced in full from the signed audited accounts prior to final publication of this Annual Report.

☐ The Independent Auditor's Report should be inserted here in full, reproduced exactly from the signed audited accounts. No audit opinion has been drafted, assumed or paraphrased in this Annual Report template.

# Future Outlook

# Protecting Creators. Building Trust. Growing Collective Management.

The financial year 2025–2026 demonstrated that ACPOSL has the capacity, the commitment and the institutional foundations to serve as a credible and responsible collective management organisation for the music creators and publishers of Sri Lanka. The work of this reporting year – in licensing, in collection, in distribution, in documentation and in international engagement – has laid the groundwork for a significantly expanded programme of operations beginning in FY2026–2027.

The expansion of licensing beyond live musical events, planned to commence from 1 September 2026, will mark a new chapter for ACPOSL and for collective management in Sri Lanka. It will bring within the licensing framework the hotels, restaurants, broadcasters, commercial venues and other music users whose activities have long generated value from music without adequate remuneration to those who create it.

ACPOSL is committed to conducting this expansion in a manner that is transparent, equitable and consistent with the international standards promoted by WIPO, CISAC and IPRS. We will continue to invest in our systems, in our people, in our member services and in our governance – because the trust of our members is the foundation upon which everything else is built.

### For Creators

Fair remuneration. Transparent accounting. A CMO that acts in your interests.

### For Publishers

Reliable royalty distribution. Documented usage data. International reciprocal reach.

### For Music Users

Clear licensing. Fair tariffs. Compliance with Sri Lankan copyright law.
